FACHPACK 2019 – YOU ARE IMPORTANT TO US!

THANK YOU FOR INTERESTING DISCUSSIONS ABOUT ENVIRONMENT & SUSTAINABILITY

At the FachPack around 44,000 visitors dealt with packaging solutions and discussed questions about the core topic „environmentally friendly packaging“. We have the answers and exchanged them in interesting, creative, emotional, warm and intensive discussions and conversations.

Thanks a lot for this!

Your expectation is our motivation to develop pioneering, future-oriented and sustainable primary packaging.
